

EMCO Flow Systems

Product Limited Warranty Statement

EMCO Flow Systems (EMCO) warrants each UniMag magnetic flow metering system to be free from defects in material and workmanship under normal use and service for the following periods from the date of purchase:

Note: EMCO may recommend materials that come into contact with the media. However, EMCO cannot guarantee the compatibility of those materials for any specific application, and does not include compatibility in its warranty.

UniMag Sensors and Flowtubes	2 year warranty, except when the media temperatures are greater than 180°F (82°C) and pressures greater than 150 psig (10 bar g). It then depends on media type.
DemiMags	1 year warranty
ChannelMag	1 year warranty
TapMag	1 year warranty
Transmitters	1 year warranty

Note: The above periods are doubled in the event of a factory authorized commissioning service.

The user must provide any notice of any defect to EMCO within the warranty period, thoroughly clean the product, return intact and prepay transportation charges. The obligation of EMCO under this warranty is limited to repair or replacement at its factory. This warranty shall not apply to any product which has been repaired or altered by non EMCO employees, or which has been subject to misuse, negligence, accident, or incorrect wiring by non EMCO employees.

This warranty shall not apply if the user has not followed the application, sizing, and installation recommendations set forth by EMCO.
